HTPro MAGAZINE

The must-have publication for heat treat professionals.

ASM International has a long history of heat treating expertise, starting with our founding in 1913 as the Steel Treaters Club. HTPro continues that legacy by serving as the official voice of the Heat Treating Society (HTS), an affiliate of ASM International. This supplement, featured three times per year within AM&P, is essential for heat treating professionals who want reliable, up-to-date heat treating and thermal processing technical information.

TARGETED EMAILS

REACH YOUR IDEAL AUDIENCE THROUGH ASM’S EMAIL LIST.

Sending your customized email to ASM’s highly targeted distinguished audience will help increase your reach and provide your sales team with leads who are the most interested in your offering. ASM is a well-respected society that engineers, metallurgists, scientists, and engineering managers trust to provide them with the latest advancements in the field of materials science. Don’t miss your opportunity to connect with these decision makers and industry influencers.

PRICING IS BASED ON TARGETED SIZE.

EMAIL GUIDELINES:

- HTML that is no more than 640 pixels wide.
- Subject line.
- Preheader if possible. A preheader is a secondary subject line and will appear in smart phone menus as well as new versions of Outlook.

EMAIL TIPS:

- Avoid using java script or linking to external style sheets, or style sheets that are part of a web site.
- Use inline styles instead of external styles.
- HTML emails render differently in different email clients. Keep the HTML simple.
- Avoid using images with big file sizes.
- We recommend avoiding animated gifs. Many email clients do not render animations.
