LEARNING IS A LIFELONG PROCESS

GROW WITH ASM’S EDUCATION CERTIFICATE PROGRAMS

Enhance your skills and those of your team through targeted, relevant education.

ASM supports your professional development with expert instructor-led courses, hands-on training and distance learning solutions.

asminternational.org/exploreeducation
**Metallurgy**
- Elements of Metallurgy .................................................. 3.0 CEUs
- Introduction to Metallurgical Lab Practices .................. 2.0 CEUs
- Metallurgy for the Non-Metallurgist ................................ 3.0 CEUs
- Metallurgy of Steel for the Non-Metallurgist ................. 2.0 CEUs
- Metallurgy of Welding and Joining ............................... 2.0 CEUs

**Additive Manufacturing**
- Design for Additive Manufacturing:
  - Material, Process, Geometry ....................................... 2.0 CEUs
  - Metallurgy for Additive Manufacturing ..................... 2.0 CEUs
- Powder Metallurgy for Additive Manufacturing .............. 2.0 CEUs

**Heat Treating**
- Basics of Heat Treating .................................................. 2.0 CEUs
- Heat Treating Furnaces and Equipment ......................... 1.5 CEUs
- HT, Microstructures and Performance of Carbon and Alloy Steels ........................................... 1.5 CEUs
- Refractory Technology ................................................... 2.0 CEUs
- Practical Heat Treating .................................................... 2.0 CEUs
- Practical Induction Heat Treating ................................. 2.0 CEUs
- Vacuum Heat Treating ..................................................... 1.5 CEUs

**Failure Analysis**
- Component Failure Analysis ......................................... 3.0 CEUs
- Fractography ................................................................. 3.0 CEUs
- Fundamentals of Non-Destructive Testing ..................... 2.0 CEUs
- How to Organize and Run a Failure Investigation ............. 1.5 CEUs
- Mechanical Testing of Metals ....................................... 3.0 CEUs
- Practical Fractography .................................................... 1.5 CEUs
- Practical Fracture Mechanics ........................................ 1.5 CEUs
- Principles of Failure Analysis ....................................... 2.0 CEUs
- Welding Inspection and Quality Control ........................ 3.0 CEUs

**General**
- Fundamentals of Material Science ................................ 3.0 CEUs
- Leadership in Engineering .......................................... 2.5 CEUs
- Reverse Engineering: A Material Perspective ............... 2.0 CEUs
- Science and Technology of Materials .......................... 2.0 CEUs
- How to Write a Materials Specification ....................... 1.5 CEUs

**Metallography**
- Advanced Metallographic Techniques ......................... 3.0 CEUs
- Introduction to Metallography ...................................... 1.5 CEUs
- Metallographic Techniques ......................................... 3.0 CEUs
- Metallography for Failure Analysis .............................. 3.0 CEUs
- Practical Interpretation of Microstructures ................. 3.0 CEUs
- Scanning Electron Microscopy ...................................... 1.5 CEUs
- Steel Metallography ..................................................... 3.0 CEUs

**Alloys**
- Advanced High Strength Steels ................................. 1.5 CEUs
- Aluminum and Its Alloys .............................................. 2.0 CEUs
- Corrosion ................................................................. 3.0 CEUs
- Magnesium Science Technology and Application ........... 1.5 CEUs
- Stainless Steels .......................................................... 3.0 CEUs
- Superalloys ................................................................. 2.0 CEUs
- Titanium and Its Alloys ............................................... 3.0 CEUs

**Medical Device**
- Medical Device Design Validation and Failure Analysis .... 1.5 CEUs
- Nitinol for Medical Devices ........................................... 2.0 CEUs
- Stainless Steels, Cobalt Chrome and Titanium Alloys for Medical Devices ........................... 1.0 CEUs

**Thermal Spray**
- Introduction to Thermal Spray ...................................... 1.5 CEUs
- Thermal Spray for Gas and Oil .................................... 1.0 CEUs

Let ASM International bring the classroom to you with Digital Short Courses!

Basics of Welding
Case Hardening of Steel
Corrosion Prevention
Corrosion Testing and Monitoring
Heat Treatment of Carbon and Alloy Steels
Material Characterization and Selection

Mechanical Properties and their Measurement
Metallographic Techniques: Part 1
Metallographic Techniques: Part 2
Strengthening Mechanisms of Non-ferrous Alloys
Types of Corrosion
Vacuum Heat Treating Additively Manufactured Parts

Contact us to register for a course, arrange for custom training, or to learn more about our certificate programs.
