

TSS Members elected 2018 ASM Fellows

TSS is pleased to announce that two of its members have joined the newest Class of Fellows. The awards will be presented at ASM's annual Awards Dinner, October 16 in Columbus, OH during MS&T18. Congratulations to all!

2018 Class of ASM Fellows

Dr. James M. Boileau, FASM
Technical Expert and Group Leader
Ford Motor Company
Novi, MI

"For the research and implementation of lightweight metals for automotive applications, including innovations in aluminum casting technology and life prediction. His technical contributions spanned applications in engines, drive train and brakes where his innovative approach resulted in the implementation of improved processes and products."

Mr. William J. Jarosinski, FASM
Associate Director, Materials
Praxair Surface Technologies, Inc.
Indianapolis, IN

"For recognition of continuous development of advanced powder processing technologies and coating solutions for enhanced wear and corrosion resistance throughout numerous industries."
