EDFAS Student Board Member Program

EDFAS is looking for one student member to provide insights and ideas to the EDFAS Board!

Why?

Young people are the future of our Society! EDFAS values the input and participation of students at all levels of activity. Participation already exists at the technical program level and the EDFAS Board wants to hear more of what you have to say and contribute. Here is what a student member of the ASM Heat Treating Society Board had to say:

“I pursued the Heat Treat Society Student Board Member position as a resume-building and networking opportunity. The connections I made landed me a job in the heat treating industry and ultimately convinced me to stay active in the society, where I currently serve on the HTS Membership Committee. Looking back, I can whole-heartedly say that I came for the experience and I stayed for the people.”

~Lee Rothleutner, HTS Student Board Member 2014-2015

An Opportunity Like No Other!

- Meet and work with some of the leading professionals in the failure analysis of circuits, semiconductors, and other electronic platforms and the Electronic Device Failure Analysis Society.
- Represent the young member’s viewpoint and speak on behalf of the students in the program.
- Attend one regularly scheduled face to face EDFAS Board meetings with expenses for travel, hotels and meals paid for by EDFAS.
- Participate in regularly scheduled Board teleconferences.
- Take an active role in shaping the future of EDFAS as an active participant in EDFAS Board meetings.
- Gain leadership skills that will benefit you throughout your career.
- Enjoy a unique experience (and gain a competitive advantage) that will enhance your resume.

Sound good? Here’s what you need to do:
To be eligible, you must be a registered undergraduate or graduate student member during the 2021–2022 academic year, with an interest in the field of failure analysis for the electronics/semiconductor industry.

To apply, submit an application package consisting of:

1. A current resume
2. A two-page essay (typed and double-spaced) addressing your interest in participating in the program. Please address the following points:
   - What experiences led to your interest in this program?
   - What qualities, characteristics and skills do you possess that will make you a strong candidate to serve as a student representative to the EDFAS Board?
   - What do you hope to learn/gain from this program?
3. Two letters of recommendation from faculty.

Applications will be reviewed by the EDFAS Awards & Nomination Committee, which will forward recommendations to the EDFAS Board for approval.

Nominations are due no later than April 1.

The selected participants will be notified by the end of May 2021 and will begin their non-voting, one-year term as Student Representative to the EDFAS Board of Directors, at its fall meeting. This appointment can be renewed for a consecutive one-year term, at the approval of the EDFAS Board.

This is a tremendous opportunity for leadership training, which is not something that can be taught in a classroom. Leadership has to be observed, experienced and learned. It is also a unique, first-hand way to experience how a Board of Directors functions and makes decisions.

Please send your application package to:
