May, 2017

Chair’s Message

I would like to start out by thanking the Executive Committee of the ASM Metro NY-NJ Chapter, and saying that I appreciate tremendously all the work that went into developing the past year’s agenda. My run as chairman will end this June; and it has been my high honor to have been able to spend my time with you all, and enjoy the events that have transpired.

After May’s meeting, the membership meetings will be on hiatus June-August and will resume in September. We will be looking forward to seeing you all again. We move our meeting locations so that we can generate interest from all different areas; and hopefully when we do, some new members as well.

So, please come see and talk with us on Material Matters.

Larry Abernethy,  BASF Catalyst, LLC
Chairman, ASM Metro NY-NJ Chapter

Plant Tour

The Bayway specialty copper products plant is located at
468-94 Bayway Ave., Elizabeth, NJ approximately
10 miles south of Newark, NJ

The plant produces Copper and Copper alloy wire, tubing, rod and bar,
using hot metal extrusion, rolling, drawing, machining and other pro-
cesses, many of which will be shown to us.

The products are used in aerospace, medical, electronics, railway,
welding, geophysics, and high energy physics.

Please join us to see this exciting tour

Parking is available on the plant premises. Once you park, proceed to
the main entrance and then to the conference room.

April, 25, 2017. The Metro New York – New Jersey Chapter was honored to present the Harry E. Lunt Award to Alfred Snowman. It is the Chapter’s highest honor. Alfred is a distinguished and long serving member of the Metro NY-NJ Chapter. He is a true professional who loves his work.

He was educated in England; retired from Praxair Electronics; and previously worked at General Cable.

He is Past-Chairman of ASM New York Chapter and became a member of this Chapter when the NJ and NY Chapters merged. Also Past-Chairman of the ASM Metro NY-NJ Chapter; and currently serves as Secretary.

Alfred Snowman is a tireless worker. He also does work for ASTM B02.05 Precious Metals and Electrical Contact Materials.

Alfred Snowman receives Harry E. Lunt Award
“For Long and Continuing Contributions to the ASM Metro NY-NJ Chapter and our Profession”

We are looking forward to seeing you at the meetings; and, as always, the first dinner that a new member attends is complimentary.

At the Meeting March 15, 2017
Joint Meeting with AWS NJ Section
at Pantagis Renaissance

NOTE: this corrects info that appeared in the April, 2017 issue

Mr. Zunjian Yang, Staff Engineer at Atlas Evaluation and Inspection LLC (AEIS), Rahway, NJ, gave an informative presentation entitled “NDT—An overview of emerging technologies and applications.”

Mr. Yang graciously stepped in to handle the program originally scheduled to be given by Nagesh Goel, VP, AEIS.
