740 Town Center Drive, Newport News, VA 23606

* The Eastern Virginia Chapter will have a table at this event. Please stop by or volunteer to help.

We have many things going on this month during Engineers Week, now rebranded as E WEEK. First, we encourage you to participate in the banquets hosted by the two engineering umbrella organizations in our area. It is a good opportunity to get to know some of the other science, engineering, and business people in our area.

We will continue our contest this year, the CO2 jet powered model dragster races, to be held on Sunday, February 17 during Celebrating Engineering Ingenuity Day at the Science Museum of Virginia Dewey Gottwald Center in Richmond. It is primarily for grade and high school students, but it is open to everyone. We will also have an ASM informational table in the open exhibit space, so feel free to stop by or volunteer to help with questions from the attendees. See the separate
chapter website page for more information on the contest. Park in the Redskins Training Center lot behind the museum at 1000 DMV Drive and enter the Dewey Gottwald Center.

We need a few volunteers to help run and judge the contest this year. Contact Kurt Thompson (kurtthomps@aol.com) if you are willing to help out.

The Richmond Joint Engineers Council's (RJEC) Engineers Week Banquet will be held on Wednesday, February 20 at The Jefferson Hotel in Richmond. Reservations can be made, and more information is available on the RJEC website.

The Peninsula Engineers Council's (PEC) annual Engineering Career Days will occur over two days, Thursday and Friday, February 21 and 22. The event is from 9:00 AM to 1:00 PM each day at the NNS Apprentice School Gym. Our chapter will have a table at the event, so please feel free to stop by or volunteer to help.

PEC's Engineer of the Year Banquet will be held on Sunday, February 24 at the Newport News Marriott at City Center, 740 Town Center Drive, Newport News. Reservations can be made through the PEC Eventbrite link.
