The Executive Committee would like to welcome you to the 2019-20 year. We are working on bringing you another exciting, entertaining and educational year. We are looking at hosting a social or technical meeting in mid-September at one of our favorite venues, Old Town Rockin’ Baja. So, stay tuned for another newsletter soon. We are also planning for a Past Chair Night in November. In the meantime, let your fellow professionals know about our Stainless Steel Class offering (below). Thanks again for your support, Bob Klug

Left to right: Rachael Low, Kevin Woolworth, Mier Muller, Lana Rokham, Jenna Ward, Rich Bellows, Bob Klug, Missing: Jose Aurrecoechea, Ken Vecchio, Steve Horvath

The core of the course was developed by ASM International, and students will receive 3.0 CEU credits from ASM upon completion and a one-year membership to ASM International. A large binder covering the course notes and useful data is provided. The course is taught by several local speakers, who are knowledgeable, experienced, and active in the field who will present and supplement the lectures. Four chapters will be covered each evening, and homework will be required via the ASM International website.

**Specifics:** 5:30 to 9:00 pm at Solar Turbine Training Center, located at the corner of N. Harbor Dr. & Hawthorn St. Light supper & drinks will be provided.

**ASM Members** (Includes Sponsor Company Employees)
- Before August 23rd - $550.00
- After August 23rd - $625.00

**Non-Members**
- Before August 23rd - $650.00
- After August 23rd - $725.00

**Fulltime Students** - $400.00

**Click to REGISTER: No later than Sept. 6th**
Please use Registration Link or e-mail asmsandiego@gmail.com

Question / Comments: Rich Bellows (619) 237-8121

We are Element

We are a global platform of laboratories with Engaged Experts specializing in materials testing and product qualification testing in industries where failure is not an option:

- Chemical Analysis
- Failure Analysis
- Fatigue & Fracture Mechanics
- Mechanical Properties Testing
- Metallography
- Non-Destructive Testing

Metcut Research Inc.
Testing the World’s Materials Since 1948

Mechanical Property and Structures Testing for aerospace, power generation, ground transportation, biomedical, and other industries. Complete Laboratory Facilities equipped with over 350 test stands fixtured for uniaxial, multi-axial, bending, torsional, and axial torsion modes.

Specimen Preparation, Fixturing, and Testing of metallic and non-metallic materials including advanced composites (PMC, CMC, MMC) Testing conducted to customer and industry standards. Accredited to ISO 17025 and Nadcap AS 7003 & 7122.

Metallographic Facilities for microstructural characterization, failure analysis, and coatings evaluation, including SEM/EDS.
