Technical Presentation
Thursday, November 14th

“Hardide Coatings: Protect Against Wear, Erosion, and Acidic Corrosion”
By Dan Wilson, Hardide Coatings Inc.

Dan Wilson has worked for Hardide Coatings, Inc for 9 years, and currently serves as Vice President of Business Development. He holds Bachelor’s and Master’s degrees in Ceramic Engineering from the University of Missouri-Rolla, and he has held various manufacturing and business development roles for Saint-Gobain, CoorsTek, and M Cubed Technologies. He has 25 years’ experience working with Tungsten Carbide and Silicon Carbide in applications such as pumps, valves, aerospace, armor, semiconductor equipment, energy, and thermal management.

When: Thursday, November 14th from 5:30 to 8:30 pm
Where: Rockin’ Baja, Old Town, 3890 Twiggs St. San Diego, CA 92110
Cost: ASM Members - $20, Non-Members $25, Students $10

Successful Stainless Steel ASM MEI Course Completed October 2019

The San Diego chapter of ASM International held a “Stainless Steel” course that was open to anyone from experts to beginners. The course was a successful venture. There were ten students and six different professors over four weeks. Fifteen chapters of coursework were covered, and I’m sure the students were enthralled.

Holiday Happy Hour

All, as we wind down for the holiday season your local ASM chapter would like to have an informal happy hour to celebrate the successful year. If you have a venue or specific date you would like to get together with your fellow materials colleagues and have a cup of cheer, please share with the chapter. We are open to any and all suggestions.

Thank you again for all of your support,
Vice Chair
Rachael Low (619) 544-5091

Metallography & Hardness Testing

When it comes to your metallographic preparation and testing solutions, Struers delivers...

- Powerful Equipment
- High-Quality Consumables
- Intelligent Support
- Outstanding Service

We are Element

We are a global platform of laboratories with Engaged Experts specializing in materials testing and product qualification testing in industries where failure is not an option:

- Chemical Analysis
- Failure Analysis
- Fatigue & Fracture Mechanics
- Mechanical Properties Testing
- Metallurgy
- Non-Destructive Testing

For Sales Inquiries please call 888-786-7555

Metcut Research Inc.
Testing the World’s Materials Since 1948

Mechanical Property and Structures Testing for aerospace, power generation, ground transportation, biomedical, and other industries. Complete Laboratory Facilities equipped with over 350 test stands fixtureed for uniaxial, multi-axial, bending, torsional, and axial torsion modes.

Specimen Preparation, Fixturing, and Testing of metallic and non-metallic materials including advanced composites (PMC, CMC, MMC) Testing conducted to customer and industry standards. Accredited to ISO 17025 and Nadcap AS 7003 & 7122.

Metallographic Facilities for microstructural characterization, failure analysis, and coatings evaluation, including SEM/EDS.

Metcut Research Inc.
