Thank you for your continued support of the ASM Cleveland Chapter!

ASM International Cleveland Chapter Sponsorship Benefits

- ❖ **Cleveland Chapter Website advertising:**
 - Your Business Card with a link to your company website or e-mail address will be displayed on the Sponsor page of the Cleveland Chapter website and rotated to other website pages.
- ❖ **Hospitality Sponsorship:**
 - The monthly Technical Meeting is an opportunity for materials professionals to network with each other and with the evening's speaker. Hospitality sponsors (who are recognized at the meetings) support this networking by helping to defray the costs of the hospitality hour prior to the meetings.
- ❖ **Teacher Materials Camp:**
 - This is a week long, hands-on laboratory experience to assist science, math and technology high school teachers in using applied engineering techniques in the classroom. The camp is free to teachers. However, annual funding is sought through sponsorships to enable the Chapter to host these important camps.
- ❖ **Student Nights:**
 - This Chapter is devoted to raising awareness of careers and pathways in science and engineering for high school and college students. This event is free to all students, teachers and school-age guests of members. However, to continuously hold this influential event, sponsorships are needed to offset costs to the Chapter.
- ❖ **Scholarship Fund:**
 - Each year the ASM Cleveland Chapter offers several scholarships to talented college and high school students from the area. The chapter also offers an additional scholarship at the Cleveland Technical Societies Council awards and recognition banquet held every Spring.
- ❖ **Sustaining Memberships:**
 - Sustaining Member companies are recognized at the Sustaining Member Night meeting, and on Cleveland Chapter letterhead. Contact ASM International or Chapter Membership Chair, John Kuli, via email (john.kuli@materion.com) about becoming a Sustaining Member.
- ❖ **Tax Deduction:**
 - ASM International and the Cleveland Chapter are 501(c)3 corporations.
